

Course Description

BFAAM is offering an 18-Hour Fire Code Update Course needed for the 2011 license renewal for Fire Alarm Specialty Technicians (FAST). This course will cover fire alarm systems changes in The 2008 National Electrical Code, 2007 National Fire Alarm Code, and State Construction Codes.

Attendees are advised to bring their own copies of the NEC and NFPA 72. Please note that the 18 credited hours may be used for NICET Continued Professional Development (CPD) points.

- State approved and registered course for Fire Alarm Specialty Technicians
- Lunch is included with registration

Course instructors are each NFPA Technical Committee members with advanced NICET certifications. Instructors include:

- William C. Anderson, CET
- John H. Craig, Jr., SET
- Daniel G. Decker, CPP, CFPS, SET

Testimonials

The course that Dan Decker and BFAAM present is absolutely the best there is for the Fire Alarm professional!

-Phil Belisle, President of ACT NOW ALARM

A great course for those that need C.E.U. credits or just want to refresh their knowledge of Fire Alarms.

- John Romano, President of Audio Sentry

This course is dedicated solely to the Fire Code Updates that relate to our industry, I highly recommend it.

- Karen Majeske, General Manager of Guardian Alarm

Course Information

This course was developed to meet the licensing requirements that fire alarm specialty technicians take a 15 hour code update course within 12 months of an update to the Electrical Code. This course has been approved for license renewals in Michigan.

We focus on code requirements specific to fire alarm systems. If you have to spend two days on a code update course, learn about fire alarms instead of swimming pool grounding requirements!

Course covers the following codes and standards:

- 2008 NEC and Michigan Part 8 Rules
- 2007 NFPA 72—*National Fire Alarm Code*
- 2006 Michigan Building Code
- 2006 Michigan Residential Code
- 2006 Michigan Mechanical Code
- 2006 Michigan Rehabilitation Code
